

Prof. Malvern Dimmick, of Springfield, Mo., arrived Monday. Mr. Dimmick has been engaged by our board of school trustees as principal of our public schools. He is an educator of experience and his school work is highly praised where he is best known.

Flagstaff is getting to be a regular Greta Green for Winslow swains. John O. Hurst, a popular young rancher, and Miss Lillian Gardner, an estimable young lady of Winslow, were married here Thursday. This makes the fifth Winslow couple that have been wedded here in the last two months.

Considerable disappointment seems to have been experienced by a large number of our people who wanted to see a game of ball on last Sunday by the non-appearance of the Winslow team. What the real trouble was no one seems able to tell. All the necessary arrangements were made at this end of the line on two occasions, still they failed to put in an appearance.

Ed. Smith and John Donerty, two tramps, while riding in a Santa Fe Pacific freight car between this place and Williams, broke open a number of boxes and helped themselves to the contents. They were arrested by Deputy Sheriff Bush, and an examination was held Wednesday before Justice of the Peace Milligan and they were held to appear before the next grand jury.

The announcement of T. E. Pulliam as a candidate for recorder, subject to the action of the Democratic county convention appears in this issue. Mr. Pulliam is the present recorder and has made a pleasant and obliging public official, and will no doubt be unanimously nominated for this office by his party, and if re-elected he will be the same obliging and efficient official in the future as in the past.

R. H. Cameron announces in this issue that he will be a candidate for sheriff subject to the action of the Republican county convention. Mr. Cameron has made the most efficient sheriff that the county has ever had, and his reputation as a diligent sheriff is known all over the southwest. Mr. Cameron is an active, conscientious worker for his party and as such he merits the full recognition of the Republican party.

Wells, Fargo & Co., find it necessary to send out a printed argument excusing itself for refusing to bear its part of the war stamp duty which it is forcing upon the people who patronize that means of transportation; the use of that institution is daily growing less and this imposition upon the public as well as the mean and unpatriotic position the express company has placed itself in will do much toward ending the existence of that company. —Phoenix Herald.

#### Church Notices.
